Gentlemen

I had the honor of receiving the order of your Board of the 19th Ultmo. on the 26th and in consequence made the directed further inquiry - the result is that there are no legitimate relations whatever of the late Polygar of [illegible] - and none other [illegible] [illegible] unless the family of Mootoo Iruyana Naigue be from their own accounts of themselves determined so to be - and even this family can not prove that any relation:ship

and exist between them
of the late ^in former^ Polygar —

There are some other illegitimate relations
than the Kaar & his Jainy
and the proof of their ille-
gitimacy arises from their
own confession of it
and the general opinion
of the inhabitants of
Mattoone —

The Peter — (in Jentoo)
is called in Malabars the
Tauly — The tying of which
on the 1st day of the
ceremony (the Mohurtum)
depends on the time (the
Lagnum) ~~the birth~~
~~thereof~~ which the
astrologers appoint and
this time is fixed on by the
the Jenma natchatrum (the

∴ The tying of the Pooter
fillet
does not constitute the
legality of a marriage
even with parties of the same cast
it simply signifies the
known promise of con
stancy on both sides -
~~and is a distinguishing
mark of a second con
cubine with whom
the tie is determined
never to part -~~

The tying of this mark on
a different cast woman
constitutes a promise of
constancy only - the woman
always
is regarded as a concubine
- but as one ~~for~~ to whom
her keeper is faithful
- her children are always
doubly bastardized
both from difference of
cast - and ~~next~~ secondly from
the impossibility of the
proper ceremonies according to the Shaster being
performed -

~~If it~~ The children

consent of the parents) be

succeed in matter of right and the bastardized succession of Kottaun was more a matter of Policy against Prest Cowns prospects than a matter of right, in the partner, to the Putteur.

The Kutteun Polygar were always regarded on account of his bastard as of inferior caste - he was never invited to partake of the customary ceremonies of other Polygars and generally treated with a degree of disrespect bordering on contempt.

— Primogeniture bad of... are the perfect claims to inheritance with all the [illegible] & Kuwan [illegible] Polygar have arrangements of the different customs obtain... in each Zoham I shall shortly have the pleasure of reporting at

large — ~~[illegible]~~ none of the customs now apply to Cuttenaur — as the legitimate family has from every enquiry been many years extinct —

It is remarkable, that the ryots & chief people of the pollam have in a manner petitioned to come under the company's protection — a very sure proof they consider the pollam heirless & thence the reversionary right of the Circar —

Your Board were pleased favor=

14th July 1799 for a superintendant to
the boys from the observatory and
Mr Mather received orders to put himself
under my direction –

Government however on the
26th of Septr were pleased to remove him
from

my authority and those here under
Captn. Mackenzie -

Anxious that the survey ~~I have~~

I must unavoidably be from them
in attention to other duties - will not
admit of my giving all the care towards

indispensably necessary - I again beg

there averaging
the whole of the lands
cultivated in Inuttum
according to the Inuttum
with the cultivated lands of Veera
bunputty per pointo in Dindigul
by the survey accounts
– the soil & capacity of
both allowed to be equal
– there appeared a diffe
of 130 per cent less in
the value of the Inutt
than the Veerabunputty
lands – on the Pointo
& something more
than 200 p cent difference
in the surveys

10 – The reason of this
difference is the general
& total insecurity of every
description of property
in the pollam – from
the various haunts – &
this reason is much
confirmed by the compari
son of Veerabunputty a
village of Inuttum joining

Kombacotty within the
Fort - and nearly all the
villages of the Polims
that are situated towards
either the Madura or
the Trichinopoly countries
- this one from its
vicinity being equally
affected - and the inhabi-
tants in general - all the
others - as already mentioned
much undisturbed - and
in a constant state of
insurrection & alarm -

11 — The chief cause
of calamity to [illegible]
has been his the Chinna
Murdoo - and his object
in desolating this province
has ever been the bring-
=ing Ryots to his own
and increasing his
own Revenue by the
additional customs
he would be able to
collect would be destroy
in any manner the

the thoroughfare of Cuttu-
pettah and turn the
route through Choka-
=petti to his own -

12 - His conduct during
the last war with Hyder
Alli even in the face of
Colonel Fullartons army
is too well known to
be ~~made~~ again brought
forward - but it was
at that time he began
the system desolateing
of Cuttum by destroying
every dam and Anacut
in the Cokam - he has
since invariably pursued
the same plan by oppos-
=ing their repairs - and
continually harassing
the inhabitants by
his influence over the
Mohose Wheels -

13 - The Poligars of
Cuttum have endea-
=voured by every means

89

i their power to do away
is Enmity – but the
Ussyet of Mootiah the
elder brother of Shoken
the present claimants from
Anthum to the Chinnee
Munsoo i furnished him some years since
with the cover of Mootiahs
name – to commit acts many
of barbarous aggression –
No. – The late Poligar
stole wishing to avoid
the ill will of the Ussyet
attempted by the present
of an Elephant and
the most submissive
conduct to conciliate
his regard – but altho
the Ussyet received his
present and promised
forbearance – his excesses
stile continued until the
death of Mootiah – when
the loss of the cover under
which he acted made
him contract his scale
of enormities –

15 — Shokein the
brother had an asylum
at Poramally in the
Shevagunga country — and
many improprieties were
committed in his name
but when the late Polygar
died and Shokein with the
others were said to have
destroyed Suttura — which
certainly was done by the
party with Shokein — the
Chinna Mundoor people
and the Mellore colleries
under their influence
were the chief instiga-
-tors to — and agents in the
atrocities committed —

16 — Shokein himself
I do not conceive blameable
the boy has not yet been
sufficiently instructed in
craft & subtility to act
the part the Sheragar
intended he should — as
he himself explained
to me the names of the

91

thirgain people & cohesion with him - and as far as he knew ah they had done - the plunder of the pottam exclusive of the destruction of the villages - at ~~that~~ the time of the Polygar's death is said to have amounted to near six thousand chucmars - but I have not been able to ascertain specifically any points on which I could found an enquiry -

17 - The late Polygar had a regular force of about eleven hundred peons better armed than their people are usually - & he could assemble near three thousand armed men besides his regulars he had many camel pieces (sergoes) and three very good ~~pieces~~ of cannon - I was

anxious to get all the
arms of every descripti[on]
that belonged to him -
and I fortunately possess[ed]
myself of many tergoes[?]
which I destroyed - and
all his cannon

18 - These guns I fear have
reason to think were
made at Trichinopoly
by some of the Ameer
ul Omrahs people -
one is equal in size &
weight to a brass nine
pounder - the two
others are equal to
our six pounders - but
the calibres are much
less - they are made of
a composition metal
but of what qualities
I do not exactly know
the arms his people
had are chiefly with
them - to require them
of the people would be

offering ~~them~~ the Ryots to the swords of their marauding & relentless neighbours

19 — In the Statement B your Board will perceive the settlement for 1804 lately for the Enam villages — each head explains itself —

20 — In the proclamation dated 17th Novr the proceeds of the villages &c given by the Poligar for the support of this family & Cholam were directed to be held for the use of the incumbents — and upon this instructed the Tahsildar then sent to make every enquiry ~~into~~ respecting their claims — when finding that certain lands only in the villages were appointed for their support by the Poligar I directed those to be

settled as the other lands of the villages were - & collected and the proceeds to be held as before ~~directed~~ ordered

- 21st. - I thought it most proper to settle their lands ~~for them~~ rather than admit them to the management of them - as the best means of preventing their interference in the Zohauns - of ensuring limitation to demand on the Ryots - and of ascertaining specifical-ly ~~what allowances their own customs~~ the value of those allowances their own customs had given to them in event of any change being thought for the better -

95

22 – By these means
I have secured the surplus
rents of the villages
to the Sirkar for the
present fusly 1204 –
amounting to G.C.^{s} 934.6.6
and to save trouble
in the ensuing fusly
they have to suggest
that the ~~family~~ incumbents have
a fixed allowance
chargeable on the
Sirkar and that
the villages be enter'd
in the circumstance
account – for the family
I would recommend
an annual allowance
of Gopaul Chet – 700 . 0
for Thokum &
his family – 500
G C 1200
being a very trifle
more in both instances
as than what they
now possess –

23 — In the Jumma
bundy for Fusly 1209 -
the peshcush of Kuttack
was alone deducted -
consequently the surplus
revenue according to
the Statement now
sent - remains to be
accounted for & brought
to the Sewoy Jumma -
after deducting the charges
collection - -

24 — those charges
are trifling - the expense
as authorised by your
Board was continued
until April - the Kuttack
entrance was opposed
by the ~~Harogan~~ a Seb
bundy of Dailygol
but as the security
of that province was
more certain by the
advance of the Peons
into Kuttack - this
charged them from

97

Disthijul - and made
them chargeable on
Muttum - on which
sokam I propose to
charge the whole of their
expence from the date
of assumption - exceeding
the amount to Rus. 3? ...

25 —— I found it
necessary to alter the
former arrangement
of cuckarea servants
and to establish a ...
... cuckarea - which
... as follows -
+

the former allowance
made by your Board
is on this exceeded
about seventeen rupees
only - this cuckarea
will be entered in the
Inoyeezgabita for 1210

from the accounts as
a sokam - and

entered as a talook
in same manner
with the other districts
of the Sirkar —

26 — My reasons for
not entering the settle-
-ment of Wuttum in
the regular perman-
-bundy was on account
of the then unsettled
claim to the succession
and because the settle-
-ment of the pohaire was
not completed until
after I sent my perm-
-nebundy to Madras —

27 — Your Board may
expect an opinion on
the probable increase
for fusly 1210 - but
notwithstanding the
Ryots are returning
and the villages re-
-building - some con-
-jectures -

29

until the means of effectual of restraint on the Inkaun cohenie and the Chinna Hindooan established - nothing certain can be reckon-ed upon

28 - But were these points effected [the present [illegible]] and the proper-ty as well as merchan-dise both import & export secure - this Pollam would be extremely rich not only from the increase of in the value of its rental but from its locality - the rental would be nearly four times as many pagodas as it is now - Jopally chucmus - and the consumption of the inland imports & immediate return would enormously increase the [illegible] -

29 — Nor is this specu-
lation vague or impro-
=bable — the compara-
=tive value of the land
of the pollams
with that of Dindygul
will shew the one &
great quantities merchandise
the ~~ordinary thoroughfare~~
from the North the South
& the West — to each of
which quarter Nuttum
Pettah is a thoroughfare
will shew the other. —
this pettah by the extent
of its ruins added to
what the merchants
have rebuilt since
the destruction of it
by the Colleries appears
to me to have been
one of the largest
south of the Coleroon
